

## **Why do you want to work at our company?**

It's a great Honor for anyone to work in a reputed company like yours when I read about your company I found that my skills are matching your requirement where I can showcase my technical skills to contribute to the company growth.

## **Why should I hire you?**

Sir, you must have lots of option for this position to select but I don't know about the rest, what I believe is that I am able to do my job for its best requirement and apart from this my words cannot justify my action until I don't get the right opportunity to perform. So, I will be very privileged if you award me this job.

As I am a fresher, I may not know the depth but I'll use all my theoretical and practical knowledge to learn as fast as I can. Believe me I am a fast learner and dedicated person. I think this is the best platform to enhance and showcase my skills and give the best for the good progress of the organization.

Sir as I am fresher I don't have any work experience but I have theoretical and practical knowledge that I can use in learn the new thing as fast as I can and also believe I am a fast learner and

dedicated person I utilize my skill in my work so that not only my career is built up but also the growth of company

## **What is hard work and smart work?**

Hard work gives you experience.

Smart work comes with experience.

There is no smart work without hard work.

## **How do you feel about working nights and weekends?**

Company's growth is obviously employees' growth, whenever the company needs me. I will be there, either in night shifts or weekends.

## **Can you work under pressure?**

Yes. I can do work under pressure. Even that time I come to know my strengths and my ability as well as how much I'm efficient in my job. And pressure makes me stronger and creative. Because at that time our mind is only being focused in work. As I'm being an engineering student most of us do their work under pressure only like I never submitted my assessment, project before the submission date. I really enjoyed that experience.

## **What motivates you to do good job?**

There are two things which motivate me.

First, is my parents who are working hard to see me in a good position and independent.

Second one is my goals which motivates me to do hard work to achieve them.

## **What makes you angry?**

Anger is a human nature and more importantly it is an emotion.

We never know when we get emotions its all about situations.

## **How long would you expect to work for us if hired?**

As long as I am fit for organization growth. I want to prove myself in a good way.

I would like to be work for this organization as long as company need my services.

## **Are not you overqualified for this position?**

As a fresher, I don't think I am overqualified because I don't have any work experience and I think experience speaks more than qualification.

## **Describe your ideal company, location and job.?**

My ideal company is one which provides me a healthy environment, a group of intellectuals peoples and where my boss encourages me.

My ideal job is which provide opportunities to do more better in life and add myself to company profit and also to my nation growth.  
And where these two aspects are found that is my perfect location.

## **Do you have any questions for me?**

Sir, this is my first interview so I would ask about how was my overall performance?

Thank you for the opportunity for asking questions, if I selected what kind of skills I improve for our company growth?

## **Explain how would be an asset to this organization?**

If an employee follows 3D Principle that means Dedication, Determination, Discipline, he will automatically be the asset of the company.

## **What are your outside interests?**

Sir, my outside interests are cooking, spending time with my family and learning new technology like android, big data etc that are not taught us in college.

## **Would you lie for the company?**

No sir, I wouldn't lie for the company, because if I can lie for the company then I can lie to the company

## **What was the toughest decision you ever had to make?**

Sir taking decision are not tough the tough is to move with that decision and at the same way one. It seems like an easy decision only..

## **How do you define success and how do you measure up to your own definition?**

Building my own identity in my life by achieving my goal. It is the moment which makes my parents feel proud about me will be a success for me.

## **If you won \$10 million lottery, would you still work?**

According to me, Money doesn't have warranty or guarantee but knowledge remains constant. So I will continue my work.

But your company gave an opportunity to the freshers. So in my point of view, a company which gives opportunities to freshers is the best company and definitely one day that company will be one of the leading companies in the country.

## **How much salary do you expect?**

Sir, I am not a right person who decides the salary so that my salary depends on my ability and company standard. Thank you

## **Where do you see yourself five years from now?**

To be honest, it is very difficult to say right now but after 5years I see myself more experience, matured and knowledgeable person and I would see myself personally and professionally develop and make my company proud.

## **On a scale of one to ten, rate me as an interviewer.?**

It is beyond my capacity to give any sort of rating to you because you are senior to me. You have spent more years in studies, developing your skills and in gaining knowledge than me. I will have to learn a lot of things from you.
